BULGARIAN ADVANCE GUARD APPROACHES NISH

TEUTON SOLDIERS EXPEND ENERGIES

Russians are now Taking the Initiative in the Campaign in the North

(By Associated Press.) LONDON, Nov. 5.—The Greek king is expected to continue the Zaimis cabinet, rather than reinstate Venizelos, and has called the party leaders into conference, making Yanakitsas, the instigator of the breach, aide-de-camp. The breach is not considered to indicate that Greece will join the allies.

The Bulgarians are advancing and are within six miles of Nish. The Teutons have captured 2700 Serbians. The allies' reinforcements are not materializing. The Teutons officially indicate that the Russians are taking the initiative and that the Teuton forces are spent.

LEDGE IN MIDWAY IS LOOKING PROMISING

TRIBUTERS IN WILL HAVE BY TO D WORKINGS YNE AIR JW

The west drift in the Midway is out 100 feet from the crosscut on the 1330 level of the new shaft. It is following the footwall of a huge vein and the values are running on an average between \$4 and \$5 to the ton, which shows some improvement during the last few feet. The drift will continue some distance further before an unwise distance is driven. The character of the ore is such that a pay shoot may be expected any round of shots.

The new air compressor at the old shaft, which will supply air for six drills, is being tried out today and will probably be ready for use tomorrow. It will be used to supply their air from a neighboring property. There are 42 leasers now at work in the old Midway above the 500-foot level.

FIREBUGS AT WESTWOOD

The lumber yards of the Red River Lumber company at Westwood were saved from destruction by fire by the timely discovery of "plants" in which phosphorus and rags were to be ignited by the action of the elements. Some eight or ten of these plants were found in the yards and were so placed that they would burst into flame at a time and place where it would be most difficult to get at.

LIBERTY BELL ESCORT

(By Associated Press.) PHILADELPHIA, Nov. 5.—The conciliatory committee left here this morning to escort the Liberty Bell home. They will leave the exposition at San Francisco and will go down the San Joaquin valley and through southern California, returning east by way of the southern route. The trip will cost \$75,000.

DEMONSTRATIONS BY TEAM

The trip to San Francisco by the mine rescue and first aid combination team of Tonopah, at which so creditable a showing was made by the miners, has resulted in a lack of attention to drill work, but the boys are now rested up and at it again. The equipment, which received a most thorough overhauling, is now pronounced to be in the best of shape. The crew expects to put on a demonstration about once a month hereafter.

VILLA'S PLANS ANNOUNCED

(By Associated Press.) WASHINGTON, Nov. 5.—It has been confidentially reported that Villa plans to march to Naco and Hermosillo, take Guaymas, where he will establish a base preparatory to marching on Mexico City.

BULGARIANS ATTACK FRENCH

(By Associated Press.) BERLIN, Nov. 5.—It is officially reported that the Bulgarians have captured or routed the French troops recently landed at Saloniki.

\$80,000 SHIPMENT BY EXTENSION COMPANY

A shipment of 54 bars of bullion was made this morning by the Tonopah Extension Mining company. It weighed 8183 pounds and was merchantable for about \$71,500. The bullion was the product of two weeks' run in the mill. A carload of concentrates, the result of a month's run, was also sent out. It was valued at about \$8500.

VILLA'S ODD METHODS TO OBTAIN DOCTORS

SEVENTY-FIVE OF VILLISTA'S WOUNDED CARED FOR BY MINING COMPANY

(By Associated Press.) DOUGLAS, Nov. 5.—It is believed that Villa reported the execution of Dr. H. R. Thigpen and two chauffeurs falsely, aiming to supply his need for doctors. A chauffeur saw four imprisoned at Villa Verde, 20 miles south of Naco. The Cananea Consolidated company, whose employees are prisoners, has asked for their release. The company, in return, has agreed to care for 75 wounded Villistas, who are without doctors. Villa has postponed his reply. General Alva Obregon is expected to arrive at Agua Prieta tonight to command an expedition to be sent against Villa. General Calles' failure to meet the advancing Villistas at a mountain pass on their approach, and his failure to pursue following the battle, have caused dissatisfaction.

Col. Cristobal Martinez, a wounded Villista officer, said Villa planned originally to draw Obregon off, then capture Agua Prieta, then to strike southward to Sinaloa, and move east upon Mexico City. He failed when the Americans recognized Carranza and permitted him to transport troops across the boundary. Villa has released the doctors.

INSANE PLUMBER RUNS AMUCK AT SEATTLE

(By Associated Press.) SEATTLE, Nov. 5.—G. S. Roberts, aged 45, a plumber, killed his blind wife, who was sleeping, fatally wounded his daughter, injured his son, then shot himself to death. It is believed he was insane.

PRESIDENT'S MACHINE INJURES A BOY

(By Associated Press.) NEW YORK, Nov. 5.—The president's automobile, bound for the Pennsylvania station, struck and slightly injured a boy this morning. Mr. Wilson stopped, learned that the accident was trivial, and then proceeded to his train. The boy was more frightened than hurt.

FRANK WEBER SHOT BY INDIAN AGENT

Wednesday afternoon Frank J. McKinlay, the Indian agent at Schurz, inflicted wounds on Frank Weber which caused his death later in the day. Details of the affair were not obtainable, but it is stated that Weber had a dispute with an Indian on the reservation which later led to a fight, and in endeavoring to separate them Superintendent McKinlay in some manner wounded Weber and he died between 4 and 5 o'clock in the afternoon. Weber was a married man and was connected with the Indian service. C. H. Asbury, the special Indian agent, who resides in Reno, left last night for the scene of the trouble. It is said that McKinlay deliberately shot Weber. Shortly after the shooting the Indian agent left in his auto and has not yet been arrested.

RELIGIOUS FREEDOM UP TO PERU CONGRESS

(By Associated Press.) LIMA, Peru, Nov. 4.—The cabinet at a meeting yesterday decided not to act upon the opinion of Venecio Valera, the minister of justice, that the measure providing for religious freedom recently passed, should not be promulgated. Cancellation of the measure likewise was decided against, it being determined to leave the question with congress.

AMERICAN MARINE WOUNDED

(By Associated Press.) WASHINGTON, Nov. 5.—Marine W. Dudahek was wounded and five Haitians killed in fighting near Le Trou, Haiti.

BULLION SHIPPED BY WEST END COMPANY

The West End Consolidated Mining company today shipped 41 bars of bullion, the product of two weeks' run in the mill. The shipment weighed 65,844 ounces and was worth, figuring the silver and gold contents at 70 cents an ounce, \$46,090.80.

TODAY AND A YEAR AGO

Official readings of the thermometer by the United States observer at Tonopah:

	1915	1914
5 a. m.	46	49
9 a. m.	53	53
12 noon	58	62
2 p. m.	61	65

Relative humidity at 2 p. m. today, 42 per cent.

SAYS "HELLO, BOYS" BEFORE HE HANGS

EARL LOOMIS MAKES CONFESSION ON PRISON SCAFFOLD AND DIES SMILING

(By Associated Press.) SACRAMENTO, Nov. 5.—Earl Loomis, murderer of Mrs. Marie Holcroft here, was hanged today at Folsom penitentiary. He greeted the witnesses with "Hello, boys," and smiled. Louis Bundy, 21, the murderer of a messenger at Los Angeles, was hanged this morning at San Quentin. He admitted his wrong and expressed sorrow.

ATTEMPT MADE TO WRECK OWL TRAIN

I. W. W. BELIEVED TO BE THOSE WHO PLACED LIVES IN JEOPARDY

(By Associated Press.) SAN FRANCISCO, Nov. 5.—An attempt was made to wreck the Southern Pacific train known as the "Owl," 20 miles north of Fresno, last night. Two pieces of sheet iron a quarter of an inch thick and four feet wide were placed across the rails. The engine knocked one off and ran over the other, but remained on the track. It is believed the attempt to wreck the train was the work of members of the I. W. W.

(By Associated Press.) SAN FRANCISCO, Nov. 5.—The Southern Pacific reported that the iron used in an attempt to wreck the Owl was taken from the boiler house of a pumping plant, nearby.

SPECIAL PROSECUTOR MAY BE DISQUALIFIED

COMPLAINT MADE THAT NOEL IS NOT ADMITTED TO PRACTICE IN CALIFORNIA

(By Associated Press.) LOS ANGELES, Nov. 5.—Nathan Coghlan, counsel for Schmidt, charged with murder on the occasion of the Times dynamiting, have asked the court to disqualify J. W. Noel, special prosecutor, on the grounds that he is not a citizen of California and has not been admitted to practice in the state. Noel was special prosecutor in the Indianapolis cases. The matter has been taken under advisement by the court.

MRS. BROWN IMPROVING

This is the 70th birthday of Mrs. Robert M. Brown of Tonopah, who is at the St. Helena sanitarium in Napa county, California, recuperating her health. The aged lady has so far recovered that she is able to sit up. Her daughter, Anna Brown, and two of her sons, Hugh H. Brown and R. Fred Brown, were present at her anniversary.

HERMAN RIDDER BURIED

(By Associated Press.) NEW YORK, Nov. 5.—The funeral of Herman Ridder, publisher of the New York Staats-Zeitung, was held yesterday in the Church of the Blessed Sacrament in the presence of many former associates and friends. Cardinal Farley took part in the ceremonies.

MUNITIONS FOR CALLES

(By Associated Press.) LAREDO, Texas, Nov. 5.—One-half million rounds of rifle ammunition passed through Laredo yesterday from Monterey to Agua Prieta for General Calles' troops. The ammunition was shipped in bond through the United States.

CHURCH NOTICE

St. Patrick's Church—Next Sunday, November 7, there will be only one mass, at 8 a. m. Rev. Father Dermody being sick. Father Dias will officiate in Goldfield at 10:30 a. m. There will be no Sunday school. Evening services at 7:30. Rev. J. Dias, pastor.

BRYAN SHOWS HE DON'T LOVE WILSON

(By Associated Press.) WASHINGTON, Nov. 5.—Bryan, in a formal statement issued today, opposes President Wilson in his plans for national defense. Bryan says: "The plan is a departure from its traditions and a reversal of the national policy. It is a menace to peace and safety, and a challenge to the spirit of Christianity, which teaches that we should influence others by our example, instead of through fear. Preparedness for defense is a false theory. Preparedness leads nations to resort to the use of arms on the slightest provocation. The country is not threatened, but is on friendly relations with the entire world."

The statement is regarded as Bryan's opening gun, and a fight is expected in congress over the adoption of the administration's program for national preparedness.

NO STRIKE THOUGHT HERE IN TONOPAH

FRIEND DAVE MUST HAVE GOTTEN A STEER FROM A CRUDE JOSH

Inquiry was diligently made today by the Bonanza among mine managers and employees, but not a single one of them seems to know a thing about the big strike that was to have taken place here Sunday morning, but which has been "averted." Averted? Sure it has, and nobody except the Reno Gazette seems to have any knowledge that anything of the sort had been contemplated. The secretary of the Western Federation of Miners, Tom McManus, remarked when he left to attend a congress of the unions the other morning, that everything was lovely in the camp, all seemed contented and that there seemed to be a man for every job, but none left over.

Winter is coming on. Conditions seem to have readjusted themselves since the troublesome ones were starved out and the copper resumption pulled a number of unemployed from the camp.

Just why a strike should be contemplated at this time, with silver at four bits and the mines showing so well on the verge of winter, nobody in Tonopah can understand. The Gazette must have meant Peavine instead of Tonopah.

STEAMER ASHORE BUT NO DETAILS LEARNED

(By Associated Press.) SAN FRANCISCO, Nov. 5.—The steamer Fort Bragg, en route from Salina Cruz to San Francisco, is now ashore at San Jose Del Cabo, Lower California. There are no details available.

OFFICERS APPOINTED BY NATIONAL SOCIETY

When the National Mining and Brokerage association held its congress in San Francisco, George Wingfield was appointed director for this state. He has announced the appointment of the following committee to act with him: H. E. Epstine, Tonopah; J. F. Vardaman, Goldfield; Charles S. Sprague, Goldfield, and W. L. Hefferman, Reno. The duties of the committee will be announced later.

MAY SUE TO STOP POLLUTION OF RIVER

Governor Boyle returned yesterday from San Francisco, where he had gone to attend to matters of the disposal of the Nevada building at the exposition grounds, and for the purpose of conferring with the California officials in an endeavor to have them bring action against the Floriston Paper company, and to prohibit the contamination and pollution of the waters of the Truckee river at and from points outside of the state of Nevada, says the News.

An action was brought against the company by the state of Nevada in 1905, but the case was lost on account of the company being located outside of the state, and therefore this state had no jurisdiction in the matter.

COMMISSIONERS IN SESSION

The county commissioners met today in regular monthly session. Thus far no business has been transacted except the allowance of bills, and that was not concluded at a late hour this afternoon.

WILL FORM FEDERATION

(By Associated Press.) PETROGRAD, Nov. 5.—Steps have been taken to form a federation of women's clubs in Russia under the leadership of the Women's Equal Rights Association.

ISLE OF MAN ON EVE OF BANKRUPTCY

THE IMPERIAL TREASURY MAKES HARSH DEMAND BEFORE RELIEVING DISTRESS

LONDON, Nov. 5.—No part of the United Kingdom has been so hard hit by the war as the Isle of Man, which is now on the verge of bankruptcy because the imperial treasury insists on the wiping out of the deficit of \$120,000 before it will sanction the relief of distress. Where the money is to come from is a problem, as the proposed remedy of higher duties and taxes will fall short of requirements. The island might swallow its pride and annex itself to the neighboring county of Lancaster, but tradition and sentiment revolt at the idea. Although Man is only 32 by 12 miles, its political constitution is said to be the oldest in Europe, its language, a gaelic dialect, is peculiar to the island and home rule has been the privilege of the Manxman through the ages.

When the war came, the heavy tourist and holiday trade was cut off. The swift packet boats were taken over by the admiralty and the submarine menace made travel unpopular. Man then became a concentration camp of alien enemies, who now number 20,000, or less than three times its total native population. These camps assisted in saving the situation for the island farmers, although a poor substitute for the flood of tourists who used to come. It is now proposed that the government use the hotels and lodging houses, whose owners are in great distress, as hospitals for convalescent soldiers. One of the relief measures proposed by the Manx parliament which the imperial treasury refuses to endorse, is a grant of \$250,000 to distressed boarding house keepers.

A SUMMER SESSION AT RENO

The University of Nevada has arranged its summer session of 1916 for six weeks from June 19 to July 28. Professional courses will be offered for both elementary and high school teaching and a considerable variety of courses selected from the college of arts and science, agriculture and engineering. A special feature will be a number of five-lecture courses by some of the best known men in this country in various lines of educational effort.

NOMINATED FOR HONORS

(By Associated Press.) LONDON, Nov. 5.—Copenhagen has suggested that Edison, Tesla, and Theodor Svedberg, the Swedish chemist, be the recipients of Nobel prizes.

PLENTY OF FUEL

There is no danger of a fuel famine in Tonopah this winter. Nearly a trainload of wood and coal is being unloaded today and delivered to the local yards.

BRITISH STEAMER SUNK

(By Associated Press.) LONDON, Nov. 5.—The British steamer Fairgate of 265 tons gross, has been sunk. Five survivors have been landed.

COMMISSIONER APPOINTED

The governor yesterday appointed William F. Henshaw as commissioner of deeds for the state or Nevada in the state of Pennsylvania.
